

CATHOLIC KINGDOM RELIC TOUCH LIST

A long-standing friend and family of the Catholic Kingdom has been blessed with several pilgrimages to the Catholic shrines of France and Italy. On these pilgrimages from many years ago, they took with them bags of religious items and sacramentals - which they would touch to the different relics and holy places that they came to. Subsequently, they have requested that the Catholic Kingdom distribute these now 3rd class relics by means of prizes. And so, it is with great pleasure, that I present the following lists of the many different treasures that our sacramental prizes have been touched to.

One thing to keep in mind for some of our prizes - is that not everything was touched to everything on the list. And this is the only instance why; during these pilgrimages holy items would be purchased and then THESE would be incorporated into the traveling collection of 'touchable' sacramentals. So for example, an image of the Holy Face, purchased in Tours, France, would not have been touched to any of the relics/places above it in the list (Lisieux & St. Laurent sur Sevre), but would have then been included and touched to everything for the rest of the pilgrimage. In this respect, it must be noted that the France trips preceded the pilgrimages to Italy.
